

Swiss Direct Sales of 25G Active Optical Devices

It provides a cost-efficient solution as compared to using discrete optical ...

It provides a cost-efficient solution as compared to using discrete optical transceivers and optical patch cables and is suitable for 25Gbps connections within racks and across adjacent racks.

Product details Description SFP28 25GBase-AOC SFP28 to SFP28 Active Optical Cable 7m 100% Compatible H3C.

These 25G SFP28 assemblies are capable of transmitting data up to 25Gb/s, offering an easy installation with a flexible, multimode fiber cable.

Multi-vendor coding options available for your 25GB Ethernet requirements. Available in Multimode, Single Mode, Extended Range & Long Reach Multi-mode. In addition to GBICS codable SFP28 ...

Long-range SFP28 direct attach cable with a 25 Gbps max data rate.

Cisco SFP28 to SFP28 Active Optical Cables are direct-attach fiber assemblies with SFP connectors. They are suitable for very short distances and offer a cost-effective way to connect within racks and ...

All Juniper 25G optics are compliant with key industry standards and specifications for seamless interoperability in multivendor environments and qualified for use across ACX, EX, MX, and QFX ...

The AOC 25Gb Active 7m AOC-S-S-25G-7M from SwissGBIC is an active optical cable specifically designed for data transmission at speeds of up to 25 gigabits per second. This SFP28 cable offers a ...

25G SFP28 Active Optical Cables (AOCs) are suitable for short distances and offer a cost-effective solution to connect within racks and across adjacent racks. Using OM3 fiber, it can operate up to 70 ...
