

Company Profile. Huijue Group was founded in 2002, is in the field of energy storage system in the leading technology innovation company, to provide customers with the optimal energy storage ...

Established a wholly-owned subsidiary "Haian Huijue Group Communication Equipment Co., Ltd.", and started the construction project of 150 acres of optical communication industrial park.

Designed specifically for the UK's cloudy climate and dynamic energy market, it combines PSC (Permanent Split Capacitor) technology with modular scalability - a first in residential solar storage.

Built with lithium iron phosphate (LFP) cells, the Soluna Battery Module achieves 95% round-trip efficiency and a 10-year lifespan. Unlike traditional systems, its patent-pending thermal management ...

The Huijue Group's Optical-storage-charging application scenario is a typical application of microgrid energy storage. The core consists of three parts - photovoltaic power generation, energy storage ...

Discover Huijue Group's advanced liquid-cooled energy storage container system, featuring a high-capacity 3440-6880KWh battery, designed for efficient peak shaving, grid support, and industrial ...

Founded in 2002, Huijue Group is a high-tech service provider integrating the integration and application of intelligent network equipment and intelligent energy storage equipment.

Huijue Group's Mobile Solar Container offers a compact, transportable solar power system with integrated panels, battery storage, and smart management, providing reliable clean energy for off ...

Huijue has a senior technical team and an efficient supply chain system, and its production capacity and contract performance capabilities are fully guaranteed.

Huijue's solar energy storage solutions are tailored for maximum efficiency and site-specific requirements. Our comprehensive range includes custom-designed systems that integrate ...
