

Uganda Customs Declaration Single-fiber bidirectional QSFP28

QSFP28 optical transceiver modules provide a transmission rate of 100 Gbps and use LC connectors. The 845972-B21 100G BiD transceiver is a Short Reach 100G product, designed to work over Multi ...

Ascent 's QSFP28 100G SR BIDI is a parallel Quad Small Form-factor Pluggable (QSFP28) Bi-Direction optical module which can support dual rate 40Gb/s and 100Gb/s bit rates in ...

It uses single-fibre bi-directional technology to transmit different wavelengths over a single fiber. Multiplexing and demultiplexing of the eight wavelengths are managed within the device.

A standards inspector shall not release commodities from a port of entry into Uganda or entry into the single customs territory, other than to a customs bonded warehouse or to a storage facility under ...

Each Cisco QSFP 100-Gbps SR1.2 BiDi transceiver consists of two transmit and receive channels in the 832-918 nanometer wavelength range, enabling an aggregated 100-Gbps link over a ...

QSFP28 transceiver that supports 100G connections up to 10 km using single-mode fiber with a duplex LC UPC connector.

A .go.ug website belongs to an official government organization in Uganda. The Trade Information Portal is managed by the Ministry of Industry, Trade and Cooperatives. Share sensitive information only on ...

Uganda has requirements for customs clearance of imported goods. Documents required include customs bills of entry, tax exemption forms for non-food items, and copies of transport documents.

Uganda is compliant with the World Trade Organization Agreement on Customs Valuation on price-based goods valuation at import. The Uganda Revenue Authority requires ...

QSFP28 100G BIDI ZR4 80KM optical module, extending the transmission distance to 80 km, using a single core fiber to achieve upstream and downstream two-way data transmission.
