

What is an FCT cable tray

FCT FRP Cable Trays are designed specifically for electrical and instrumentation installations, utilizing corrosion-resistant fiber reinforced plastic. These trays are engineered to achieve weight reduction ...

FRP Cable Tray FCT cable tray made of corrosion resistant fibre reinforced plastic, comes in standard height of 50mm and 80mm.

FCT cable tray comes in standard widths of 50, 100, 150, 200, 300, 400, 500 and 600 mm. Other widths are available on request. The I-shaped side Wall design greatly increases the support strength and ...

FCT FRP Cable Trays are made of corrosion resistant fibre reinforced plastic, and are aimed for electrical and instrumentation installations. The design delivers weight reductions while maintaining ...

FCT FRP Cable Trays are made of corrosion resistant fibre reinforced plastic. The design delivers weight reductions while maintaining strength and maximising loading capability. The Cable Trays are ...

Connection Technology System (CTS) self-designed fiber cable tray (FCT series) to protect your fiber cables and saves your OPEX.

Cable tray is considered to be a system. It must provide continuous support for cables, and the electrical continuity of the cable tray system must be maintained.
